**Current  
Annualized  
Yield:<sup>1</sup>**

**4.43%**

Current 7 day yield can be found at [www.camponline.com/current-rate](http://www.camponline.com/current-rate)

1. As of June 30, 2025. **Past performance does not guarantee future results and yields may vary.** The "current annualized yield" of the Pool may, from time to time, be quoted in reports, literature and advertisements published by the Trust. Current annualized yield represents the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical account with a balance of one share (normally \$1.00 per share) over a seven-day base period expressed as a percentage of the value of one share at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by 365 and dividing the result by 7.
2. The Trust also may publish a "monthly distribution yield." The monthly distribution yield represents the net change in the value of a hypothetical account with a value of one share (normally \$1.00 per share) resulting from all dividends declared during a month by the Pool expressed as a percentage of the value of one share at the beginning of the month. This resulting net change is then annualized by multiplying it by 365 and dividing it by the number of calendar days in the month.
